Shagun Bhatia

IT Project Coordinator | Project Delivery Analyst | PMO Analyst

shagunbhatia98@gmail.com +91 7067335518 Faridabad, India github.com/Shaggy-111

Professional Summary

Results-driven IT Project Coordinator / Project Delivery Analyst with 4 years of experience in managing cross-functional teams, coordinating software delivery, and ensuring client satisfaction across EdTech and IT domains. Experienced in Agile project environments, using tools like Jira, Confluence, Power BI, and Python automation to streamline workflows and reporting. Independently developed and deployed AquaTrack, a full-stack vendor and delivery management app, demonstrating strong ownership, problem-solving, and end-to-end delivery management capabilities. Motivated to contribute to technology-driven organizations where coordination, analytics, and structured project delivery add measurable impact.

Professional Experience

Project Coordinator (EdTech SaaS), *MetaApply* 03/2025 – Present

- Coordinate nationwide rollout of the MetaApply education portal.
- Bridge communication between development, operations, and client teams for smooth delivery.
- Manage Jira boards, sprints, and UAT feedback loops.
- Create Power BI dashboards to visualize project KPIs and milestones.
- Support Python-based automation for internal reporting and status tracking.

IT Project Coordinator, *Hewlett Packard Enterprise (HPE)* 10/2020 – 11/2024

- Managed project planning, communication, and risk tracking across IT operations.
- Collaborated with internal and client teams to ensure on-time deliverables.
- Maintained project documentation, compliance checklists, and change requests.
- Streamlined reporting, reducing coordination gaps by ~15%.
- Assisted the PMO team with schedule tracking and stakeholder updates.

Education

Master of Computer Applications (MCA), *Maharishi Dayanand University* 2022

Bachelor of Science in IT, *Maharishi Dayanand University* 2020
